In the event any term of this PADD is held to be invalid or unenforceable by a court, the remaining terms of this PADD will remain in full force and effect. Where terms and conditions specified in the Contract differ from the terms in this PADD, the terms and conditions of this PADD shall apply.

Any waiver by the Lead State or Participating Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or breach of any terms or requirements of this Master Agreement or a Participating Addendum will not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement or any Participating Addendum.

17. Debarment: Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

18. Public Information: This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's and a Purchasing Entity's public information laws.

Sourcing Team: The ITB was led by the State of Oregon and included a subject matter expert from the State of Washington, and the NASPO ValuePoint staff provided project oversight. We also received counseling support from the USDA Food and Nutrition Services.

ITB Information: The ITB was issued on May 24, 2018. It was amended nine (9) times and closed on October 2, 2018.

Key benefits available in this award:

1. This award provides a vehicle for State and Local WIC administrators to continue using rebate programs established by the USDA, Food and Nutrition Services (FNS) Agency. Access to the contracts is limited to agencies that currently participate in the NASPO ValuePoint Infant Formula Rebate Alliance.
2. Under the new contract, the discount for the Milk-Based Formula is approximately 21% higher than the current contract, and the discount for Soy-Based Formula is approximately 36% higher than the current contract.

Conclusion: The State of Oregon, Department of Administrative Services, Procurement Services, and Department of Justice have reviewed and approved these award recommendations. I applaud the excellent work and analysis of the sourcing team and recommend your approval of the proposed awards and ask that we permit the State of Oregon to move ahead with establishing a Master Agreement.
