Administered by the State of Washington (hereinafter "Lead State")

Aviat U.S., Inc.
Washington Contract No: 05715 Phase Two
(hereinafter "Contractor")

And

State of Idaho Department of Administration Division of Purchasing
(hereinafter "Participating State")

1. **Scope:** This Participating Addendum (PADD) covers the purchase of public safety communication equipment led by the State of Washington (Master Agreement No. 05715 Phase Two) for use by state agencies and other entities located in the State of Idaho, as provided below. This PADD is limited to Aviat U.S., Inc. products under the awarded following category:

Category: Microwave Radios
Microwave Radio, Carrier Grade, Packet Data
Microwave Radio, Carrier Grade, Native TDM
Microwave Radio, Network Grade

2. **Participation:** Use of NASPO ValuePoint cooperative contracts by agencies, political subdivisions and other entities authorized by an individual state's statutes to use state contracts are subject to the prior approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official.

This PADD is for the benefit of State of Idaho agencies, institutions and departments; as well as eligible political subdivisions or other "Public Agencies," as defined by Idaho Code, Section 67-2327. The Ordering Entity will issue individual releases (orders) against this PADD on an as needed basis for the period noted above. "Public Agency" means any city or political subdivision of the state, including, but not limited to counties; school districts; highway districts; port authorities; instrumentalities of counties; cities or any political subdivision created under the laws of the State of Idaho.

INDIVIDUAL CUSTOMER: Each State agency and political subdivision, as a Participating Entity, that purchases products/services will be treated as if they were Individual Customers. Except to the extent modified by this PADD, each agency and political subdivision will be responsible to follow the terms and conditions of the Master Agreement; and they will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement. Each agency and political subdivision will be responsible for their own charges, fees and liabilities. Each agency and political subdivision will have the same rights to any indemnity or to recover any costs allowed in the contract for their purchases. The Contractor will apply the charges to each Participating Entity individually.

3. **Term:** This PADD will be effective on the date of last signature, below, and continue through **June 30, 2021**, unless extended, renewed or terminated earlier.
4. **Participating State Modifications or Additions to Master Agreement:** Notwithstanding any provisions

in the Master Agreement to the contrary, the following shall apply to this PADD:

- 4.1 **Assignment:** No contract or order or any interest therein shall be transferred by the Contractor to whom such contract or order is given to any other party, without the approval in writing of the Administrator of the Division of Purchasing. Transfer of a contract without approval shall cause the annulment of the contract so transferred, at the option of the State. All rights of action, however, for any breach of such contract by the contracting parties are reserved to the State (Idaho Code Section 67-5726(1)).
- 4.2 **Amendments:** Amendments to the Master Agreement (including, but not limited to extensions, renewals, modifications to the terms, conditions and pricing) will automatically be incorporated in this PADD unless the State elects not to incorporate an amendment by providing written notification to Contractor; which notice must be provided within ten (10) calendar days of the date of the amendment, in order to be effective. Failure to provide notice in accordance with this Section will result in the Master Agreement amendment automatically being incorporated in this PADD.
- 4.3 **Governing Law:** Notwithstanding any provision to the contrary, the state of Idaho's PADD and all orders issued under the PADD by Ordering Entities within the state of Idaho, shall be construed in accordance with and governed by the laws of the state of Idaho. Any action to enforce the provisions of this PADD shall be brought in state district court in Ada County, Boise, Idaho. In the event any term of this PADD is held to be invalid or unenforceable by a court, the remaining terms of this PADD will remain in full force and effect. Except to the extent the provisions of the PADD are clearly inconsistent therewith, the PADD shall also be governed by the applicable provisions of the Idaho Uniform Commercial Code (IUCC).
- 4.4 **Administrative Fee and Quarterly Usage Report:** The prices to be paid by the Participating (Ordering) Entities shall be inclusive of a one and one quarter percent (1.25%) Administrative Fee (the State understands and agrees that Contractor will raise the negotiated Price Agreement prices by this amount). This additional percentage represents the Ordering Entity's contract usage administrative fee. On a quarterly basis, Contractor will remit to **State of Idaho, Attn: Division of Purchasing, PO Box 83720, Boise, Idaho 83720-0075** an amount equal to one and one quarter percent (1.25%) of Contractor's net (sales minus returns, adjustments and credits) quarterly Contract sales.

***For Example:** If the total of your net sales to Ordering Entities for one quarter = \$10,000, you would remit $\$10,000 \times 0.0125 = \125 to the Division of Purchasing for that quarter, along with the required quarterly usage report.*

Contractor will furnish detailed usage reports as designated by the State. In ADDITION to any required detailed usage reports, Contractor must also submit a summary quarterly report of purchases made from the Contract utilizing the **PADD SUMMARY USAGE REPORT FORM** available for download at <http://purchasing.idaho.gov/form2.html>. A Summary Usage Report Form must be submitted for each quarter (enter "0" if no purchases were made during a quarter), and must include a breakdown of purchases by Entity Type (i.e. State Agency, Higher Education, K-12, City, County and 'other'), as provided on the Form.

10. Public Records and Trade Secret: Title 74, Chapter 1, Idaho Code (the Public Records Act) provides for the examination of public records, including records related to procurements and contracts. Section 74-107 details an exemption to examination of records deemed "trade secrets." Generally, this exemption describes trade secrets to *"include a formula, pattern, compilation, program, computer program, device, method, technique or process that derives economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons and is subject to the efforts that are reasonable under the circumstances to maintain its secrecy."* Upon request, the Contractor must provide an electronic copy of any documents related to this PADD, with any information it has determined to meet the Idaho Code definition of trade secret redacted within three (3) business days. The Contractor must redact only that information which meets the definition of "trade secret;" entire documents identified as "confidential" will not be accepted. Contractor must also provide a separate document entitled "List of Redacted Trade Secret Information" which provides a succinct list of all trade secret information noted in your Document; listed in the order it appears in your submittal documents, identified by Page #, Section #/Paragraph #, Title of Section/Paragraph, specific portions of text/illustrations; or in a manner otherwise sufficient to allow the State's procurement personnel to determine the precise text/material subject to the notation. In the event the State receives a request pursuant to the Public Records Act, which includes information deemed "trade secret" by the Contractor, the Contractor must agree to defend and indemnify the State against any claim brought challenging the denial of the request under the trade secret exemption. Failure of the Contractor to provide an electronic copy of the redacted documents,

or to defend and indemnify the State, will result in the State releasing the full (unredacted) document in response to the request.
