

BIO

Chelsea Robillard

Name and Title:

Chelsea Robillard, State Purchasing Manager

Educational background:

Business Administration

Certifications Held:

CPPB

Brief description of your experience:

I began my career in procurement while working for a large hospital system, first working in the research department then moving over to the financial department as government grants and contracts specialist. I enjoyed working with government contracts and accepted a position at the State of Idaho Department of Health and Welfare as a grants/contracts officer and was fortunate to work with a great group of experienced people who taught me so much about public procurement and the State of Idaho system. I have now been with Division of Purchasing, and our amazing team, for over five years and love the work we do supporting state agencies and the citizens of Idaho. In the year 2020 I was promoted as the State Purchasing Manager.

Areas of expertise:

State contact for MMCAP, laboratory equipment and supplies, medical supplies, pharmaceuticals, consulting and professional services. DOP liaison to Idaho Division of Veterans Services, Idaho Industrial Commission, Office of the State Board of Education and Idaho Department of Health and Welfare

Fun fact (e.g. a fun place you've has visited, pets, favorite flavor of ice cream, favorite Harry Potter character, etc.): I have two Belgian Malinois, Dryden and Vachon (named after hockey goaltenders) and spend much of my free time training with a great group
