Oracle or its licensors retain all ownership and intellectual property rights to the Programs. Oracle retains all ownership and intellectual property rights to anything developed and delivered under this agreement resulting from Services. You may make a sufficient number of copies of each Program for your licensed use and one copy of each Program media.

Third party technology that may be appropriate or necessary for use with some Oracle Programs is specified in the Program Documentation. Such third party technology is licensed to you under the terms of the third party technology license agreement specified in the Program Documentation and not under the terms of this agreement.

You may not:

- Remove or modify any Program markings or any notice of Oracle's or its licensors' proprietary rights;
- Make the Programs or materials resulting from the services available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license or materials from the services you have acquired);

You may allow your agents and Contract Vendors (including, without limitation, outsourcers) to use the Programs for this purpose and you are responsible for their compliance with this agreement in such use. Program Documentation is delivered with the Programs, or you may access the Program Documentation online at <http://oracle.com/contracts>. Services are provided based on Oracle's policies for the applicable Services ordered, which are subject to change. Upon payment for Services, you have the non-exclusive, non-assignable, royalty free, perpetual, limited right to use for your internal business operations anything developed by Oracle and delivered to you under this agreement; however, certain deliverables may be subject to additional license terms as specified in the Oracle quote for such Services. The Services provided under this agreement may be related to your license to use Programs which you acquire under a separate order. The agreement referenced in that order shall govern your use of such Programs. Any Services acquired from Oracle are bid separately from such Program licenses, and you may acquire either Services or such Program licenses without acquiring the other.

Any and all licensing, maintenance, or order specific agreements referenced within the terms and conditions of this Master agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the Master Agreement, and to the extent the terms are not in conflict with the Participating Entities' applicable laws.

Failure of Lead State Master Agreement Administrator, Participating Entity, Purchasing Entity, Contract Vendor to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or any Participating Addendum. Any waiver by the Lead State, Participating Entity, or Contract Vendor must be in writing. Waiver by the Lead State Master Agreement Administrator, Participating Entity, Purchasing Entity, or Contract Vendor of any default, right or remedy under this Master Agreement or Participating Addendum, or breach of any terms or requirements shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, a Participating Addendum, or order.

FOR ANY BREACH OF THE WARRANTY IN THIS SECTION 11.C, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF PROGRAM ERRORS THAT CAUSE BREACH OF THE WARRANTY; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT SUCH BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END YOUR PROGRAM LICENSE AND RECOVER THE FEES YOU PAID TO ORACLE FOR THE PROGRAM LICENSE AND ANY UNUSED, PREPAID TECHNICAL SUPPORT FEES YOU HAVE PAID FOR THE PROGRAM LICENSE.**
- d. **TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

Oracle Premier Support Services are provided under Contract Vendor's Hardware and Systems Support Policies in effect at the time the technical support services are provided. The State agrees to cooperate with Contract Vendor and provide the access, resources, materials, personnel, information, and consents that Contract Vendor

may require in order to perform the technical support services. The Contract Vendor Hardware and Systems Support Policies are incorporated in this Contract and are subject to change at Contract Vendor's discretion; however, Contract Vendor will not materially reduce the level of technical support services provided during the period for which fees for Contract Vendor Hardware and Systems Support have been paid. The State should review the policies prior to entering into the order for technical support services. You may access the current version of the Contract Vendor Hardware and Systems Support Policies at <http://oracle.com/contracts>.

MASTER AGREEMENT TERMS AND CONDITIONS

C. MINNESOTA TERMS AND CONDITIONS

1. ACCEPTANCE OF PROPOSAL CONTENT. NEGOTIATED. DELETE

2. ACCESSIBILITY STANDARDS. NEGOTIATED.

The extent to which an Oracle product (hardware or software program) is, at the time of delivery, capable of providing comparable access to individuals with disabilities is indicated by the comments and exceptions (if any) specified on the applicable Voluntary Product Accessibility Template (VPAT) available at www.oracle.com/us/corporate/accessibility, provided that such Oracle product is used in accordance with the applicable Oracle program and hardware documentation and that any assistive technologies and any other products used with the Oracle product properly interoperate with the Oracle product. The VPAT indicates the degree of conformance with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as "Section 508"). In the event that Section 508 is revised over the life of this Agreement, the VPAT will indicate the applicable version. The VPAT also lists the degree of conformance with the Web Content Accessibility Guidelines version 1.0 (WCAG) if applicable (said standards only apply to "web pages"). In the event that no VPAT is available for a particular product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. Oracle makes no representations regarding the accessibility status of any product identified as "third party."

The Oracle Accessibility Program guidelines are based on the Section 508 standards (in effect as of June, 2001), and the Web Content Accessibility Guidelines (WCAG) at the 'AA' level, initially version 1.0 and most recently version 2.0. Oracle is committed to developing new products in conformance with the newer WCAG 2.0 standards to the extent practicable; as new products and revisions are released that conform to the WCAG 2.0 standards, we will publish Voluntary Product Accessibility Templates (VPATs) that also include a table of all of the WCAG 2.0 'A' and 'AA' standards, in addition to the current Section 508 standards. For VPATs that do not yet contain that additional table, you may use information from the U.S. Access Board and the Web Accessibility Initiative (WAI) to assess the degree of conformance with WCAG 2.0 that our products may already exhibit. Before formally adopting all of WCAG 2.0 'AA' standards, Oracle already used extensive success criteria from WCAG 2.0, where there was an obvious mapping from Section 508 or WCAG 1.0, such as the 4.5:1 color luminosity contrast for text, and much of this detail is typically reflected in our VPATs. Although the WAI states that many sites that already meet WCAG 1.0 will require little or no changes to meet WCAG 2.0, Oracle has not yet performed this evaluation and is unable to make a formal claim of conformance to WCAG 2.0 until such time as new VPATs are released. In certain cases, most notably WCAG 2.0 standards #1.3.1 and #4.1.2, we know that additional coding may be required because Oracle had not fully incorporated these new standards into the prior guidelines.

3. **ADMINISTRATIVE PERSONNEL CHANGES.** The Contract Vendor must notify the Contract Administrator of changes in the Contract Vendor's key administrative personnel, in advance and in writing. In the event the Contract Vendor receives a request to release the data referred to in this article, the Contract Vendor shall, to the extent permitted by law, notify the Lead State. The Lead State will give the Contract Vendor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contract Vendor or the Lead State.

The Contract Vendor agrees to indemnify, save, and hold the State of Minnesota, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Master Agreement. Minn. Stat. § 363A.36 addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
- c. Minn. R. 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. The Contract Vendor's obligation will be void as to any Products or Services modified by the Purchasing Entity to the extent such modification is the cause of the claim.
- c. The Contract Vendor has no obligation for any claim of infringement arising from:
1. The Contract Vendor's compliance with the Purchasing Entity's designs, specifications, or instructions;
 2. The Contract Vendor's use of technical information or technology provided by the Purchasing Entity;
