Upon receipt of written notice of termination, Vendor will stop performance under the purchase order as directed by the MMCAP Member. Termination of a standing purchase order does not extinguish or prejudice the Member's right to enforce the terms of such purchase order with respect to Vendor's breach of any warranty or any defect in or default of Vendor's performance set forth in such purchase order that has not been cured, including any right of the Member to indemnification by Vendor or enforcement of a warranty set forth in a purchase order. If these circumstances exist, the Vendor must work with MMCAP and Member to prepare an MPA to set forth the additional or altered terms and conditions. An MPA must clearly apply only to the requesting location and will not affect the rights of the other Membership, nor will it modify, derogate, or otherwise diminish the rights and obligations set forth herein, except in regard to the applicable named Member. When the specific terms are agreeable to the Vendor and the Member, the MPA will be presented to each party for execution. No other mechanism of modifying or "attaching to" the Agreement is authorized. eScreen

Marketplace: Workplace/Employment

eScreen offers an expansive network of clinics and encompasses many diverse partnerships across the U.S. in every state. eScreen's collection site network has 3 categories: In-Network, In-Network Tier 2, and Out of Network. In-Network is the most desirable, cost efficient option for eScreen clients to use. In-Network Tier 2 are equally desirable but have slightly higher price point. Out of Network clinics are typically only used when an In-Network facility is geographically not available and carry the highest price point.

Vendor will supply to the MMCAP Office accurate monthly sales data on or before the 10th day of the subsequent calendar month (e.g., June's data will be due on July 10th). The report must include Product dollar spend amount sorted in descending order and grouped by Product category. Also, the report MUST include the information set forth below for every transaction between the Vendor and the MMCAP Member.

- The Table 1 details the required fields for the sales data report.

Administrative Fee Data Report. Separately from the reporting requirements of 39.1, when the Vendor is selling directly to a Member, the Vendor must submit a monthly Administrative Fee Data Report with each Administrative Fee payment that includes sales made direct from Vendor to the MMCA[®] Member and any sales through the approved distribution channel.

The monthly Administrative Fee Data Report must contain the fields included as set forth below those fields apply to this Agreement. All required Administrative Fee Data Reports must be sent to: mmcap.infuse@state.mn.us on or before the 10th day of the second subsequent month (e.g., June's data will be due July 10th). Failure to comply with this provision may constitute breach of this Agreement. In the event the Vendor is delinquent in any undisputed Administrative Fees, MMCAP reserves the right to terminate this Agreement.

MINNESOTA STATUTORY LANGUAGE

1. **Government Data Practices.** Parties to this Agreement must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 (Data Practices Act), as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Vendor under this Agreement. The civil remedies of Minn. Stat. § 13.08 may apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Vendor or MMCAP Infuse.
 - A. Notification. If the Vendor receives a request to release the data pursuant to the Data Practices Act, the Vendor must immediately notify and consult with MMCAP Infuse as to how the Vendor should respond to the request.
2. **Data Disclosure.** Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Vendor consents to disclosure of its social security number, federal employer tax identification number, and Minnesota tax identification number, already provided to the MMCAP Infuse, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Vendor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.
3. **Non-discrimination.** The Vendor will comply with the provisions of Minn. Stat. § 181.59(1) – (4).
4. **Affirmative Action Requirements.**
 - A. Covered contracts and vendors. If the Agreement exceeds \$100,000 and the Vendor employed more than forty (40) full-time employees on a single working day during the previous twelve (12) months in Minnesota or in the state where it has its principal place of business, then the Vendor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600. A contractor covered by Minn. Stat. § 363A.36 because it employed more than forty (40) full-time employees in another state and does not have a certificate of compliance, must certify that it is in compliance with federal affirmative action requirements.
 - B. Minn. Stat. § 363A.36. Minn. Stat. § 363A.36 requires the Vendor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the Minnesota Commissioner of Human Rights (**Commissioner**) as indicated by a certificate of compliance. The law addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
 - C. Minn. R. 5000.3400-5000.3600.
 - i. General. Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a Vendor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.
 - ii. Disabled Workers. The Vendor must comply with the following affirmative action requirements for disabled workers.
 - a. The Vendor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Vendor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
 - b. The Vendor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - c. In the event of the Vendor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - d. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Vendor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.

- e. The Vendor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Vendor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.
 - iii. **Consequences.** The consequences for the Vendor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this Agreement by the Commissioner or Minnesota.
 - iv. **Certification.** The Vendor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.
5. **E-Verify certification (In accordance with Minn. Stat. § 16C.075).** To the extent applicable to Vendor, for services valued in excess of \$50,000, Vendor certifies that as of the date of services performed on behalf of Minnesota, Vendor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will perform work on behalf of Minnesota. Vendor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/EVerifySubCertForm.doc>. All subcontractor certifications must be kept on file with Vendor and made available to Minnesota upon request.
 6. **Certification of Nondiscrimination (In accordance with Minn. Stat. § 16C.053).** The following term applies to any contract for which the value, including all extensions, is \$50,000 or more: Vendor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the Vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.
 7. **Contingency Fees Prohibited.** Pursuant to Minn. Statute § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.
 8. **Diverse Spend Reporting.** If the total value of this Agreement may exceed \$500,000 for Services provided to Minnesota state agencies, including all extension options, the Vendor must track and report, on a quarterly basis, the amount paid to diverse businesses both: (A) directly to subcontractors performing under the Agreement, and (B) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Agreement compared to your company's overall revenue). When this applies, you will be set up in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Agreement is in effect.
 9. **Retainage for Minnesota Government Units.** To the extent applicable, under Minn. Stat. § 16C.08, subd. 2 (10), for Services provided directly to Minnesota state agencies, no more than ninety percent (90%) of the amount due under this Agreement may be paid until the final product of this Agreement has been reviewed by a Minnesota agency head. The balance due will be paid when the Minnesota agency head determines that the Vendor has satisfactorily fulfilled all the terms of this Agreement.
 10. **Payment to Subcontractors.** To the extent applicable, pursuant to Minn. Stat. § 16A.1245, for services provided to a Minnesota state agency hereunder, Vendor must pay all subcontractors, less any retainage, within ten (10) calendar days of the Vendor's receipt of payment from the State of Minnesota for undisputed services provided by the subcontractor(s) and must pay interest at the rate of one and one-half percent (1.5%) per month or any part of a month to the subcontractor(s) on any undisputed amount not paid on time to the subcontractor(s).
