000	BLANKET PURCHASE AGREEMENT (line item particulars follow)	1 lot		\$5,000,000.00
	Total:			\$5,000,000
Blanket Comments:	GEOGRAPHIC INFORMATION SYSTEMS (GIS) CONTRACT SBPO1218-06 RENEWAL			
	This contract renewal and the provisions hereof are hereby made part of that certain State of Idaho contract number SBPO1218-06, for GEOGRAPHIC INFORMATION SYSTEMS (GIS) dated DECEMBER 24, 2009 for ALL ELIGIBLE POLITICAL SUBDIVISIONS OR PUBLIC AGENCIES, between ESRI, INC. as "Contractor" and the State of Idaho as "State." Contractor and State hereby agree as follows:			
	All of the terms and conditions contained in the Contract shall remain in full force and effect, except as expressly modified herein. The effective date of this renewal is FEBRUARY 1, 2011.			
	This contract is renewed for ONE (1) YEAR commencing FEBRUARY 1, 2011 and expiring JANUARY 31, 2012. The same terms, conditions and prices prevail for the contract renewal period.			
	The dollar amount listed in the contract renewal pricing is an estimate and cannot be guaranteed. The			

actual dollar amount of the contract may be more or less depending on the actual orders, requirements, or tasks given to the Contractor by the State or may be dependent upon the specific terms of the Contract.

Amendment No. 5
to
Master Purchase Agreement (Agreement)
Between the
State of Idaho (State or Licensee)
and
Environmental Systems Research Institute, Inc. (ESRI)
Agreement No. 2004MPA285

State of Idaho Blanket Purchase Agreement SBPO1218-02 also known as Master Purchase Agreement (MPA) No. 2004MPA285, previously reconsolidated for February 1, 2010 to January 31, 2011 between the parties is hereby revised by this Amendment. The parties hereto desire to extend the term and update the pricing for Services, Software and Related Materials.

The terms and conditions of the above identified MPA remain unchanged except as revised and incorporated below:

1. Article 3, entitled TERM OF AGREEMENT is revised to extend the term of the Agreement for one (1) year. The new term shall expire on January 31, 2012.
2. Attachment A, entitled, ESRI MPA Price List - E417 (10-09) is deleted in its entirety and replaced with a revised version of Attachment A, entitled, ESRI MPA Price List - E417 (7/23/2010) attached hereto.
3. Attachment B, entitled, Exhibit 1, SCOPE OF USE, E300 (10/09) is deleted in its entirety and replaced with Exhibit 1, SCOPE OF USE, E300 (7-16-2010), to accommodate updated Software, Data, Web Services and Documentation attached hereto.
4. Attachment F, entitled, Support Services Policies, Esri U. S. Software Maintenance Program, dated July 18, 2007 is hereby updated with Esri U. S. Software Maintenance Program, dated August 5, 2010 attached hereto.

All other terms and conditions remain unchanged.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment No. 5 to be effective, valid, and binding as of the last date below by their duly authorized representatives.

**ESRI MPA PRICE LIST
(E417 07/23/2010)**

General Information and Disclaimers

1. The following Software items and related products are offered to Licensee and its qualified agencies for use only within the United States of America, its possessions, and territories.
2. The listed prices are exclusive of shipping, handling, and any applicable taxes. Delivery terms are FOB Redlands, California. Shipping and handling will be prepaid and charged back, i.e., included in the invoice as a separate item. If desired, shipping and handling charges can be quoted to the customer prior to the placement of the order. Your Esri Sales Representative can provide a specific quote including applicable shipping and handling charges.
3. Eligible customers may at any time request a specific quote based on this contract from an Esri sales representative. When selecting items from this contract without assistance from an Esri sales representative, be aware of the following general rules:
 - (a) Volume pricing applies on a per-order and per-item basis unless otherwise indicated. The listed prices must be multiplied by the order quantity to determine the total price for any given order.
 - (b) Some products have prerequisites and interdependencies so that one may not be purchased, or may not be functional, without prior or simultaneous purchase of another product. For example, Software upgrades can only be licensed by customers who have already acquired the corresponding earlier version of the Software, and extension Software is only functional in combination with the corresponding core Software. If you have questions regarding your configuration, please contact your Esri representative for additional information.
 - (c) System requirements and platform support vary from item to item. If in doubt whether your system will support a desired item, please contact your Esri sales representative for additional information.
 - (d) Some items are not offered to all potential customers. For example, certain Software upgrades are only offered to customers who have acquired the most recent versions of the Software, and local government licenses are only offered to local government customers.
 - (e) Customer must provide adequate facilities for client site training. Certain other restrictions apply. See the Learning Center On-Site training information at Esri's Web site (www.esri.com/training/site_training.html) for details.
 - (f) Esri Site Training (i.e., Training at one of Esri's Training Centers) requires a completed registration application form from each student. Registrations are processed on a first-come, first-served basis. We recommend that you submit this registration information at least one month prior to the start date of your class. See the Learning Center registration information at Esri's Web site (www.esri.com/training/register.html) for details.
 - (g) Training will be provided in accordance with the policies defined under Education and Training at www.esri.com. Training prices are subject to annual escalation, not to exceed a seven and one-half percent (7.5%) increase in January of each year.
4. Support services are defined at Esri's Web site (www.esri.com) within the user support section. Particular attention should be paid to the fact that some Esri Software comes with complimentary maintenance for the first year and other Software features different support plans.
5. New Software releases for most Software products are provided exclusively through maintenance programs. In these cases, Software upgrades are not sold separately.

**EXHIBIT 1
SCOPE OF USE
(E300 07/16/2010)**

Esri, 380 New York St., Redlands, CA 92373-8100 USA • TEL 909-793-2853 • FAX 909-793-5953

The scope of use for the Software, Data, Web Services, and Documentation identified below is described in the applicable footnotes identified in parentheses.

Software

- ArcExplorer—Java and Windows Editions (20 and 25)
- ArcGIS API for iOS (1, 16, 25, and 33)
- ArcGIS Desktop
 - ArcInfo (either 1 or 2 and 25, 26, 33, 44, and 45)
 - ArcEditor (either 1 or 2 and 25, 26, 33, 44, and 45)
 - ArcView (either 1 or 2 and 25, 33, 44, and 45)
- ArcGIS Desktop Extensions (7)
- ArcGIS Engine Developer Kit and Extensions (1, 14, 15, 22, 25, 26, and 43)
- ArcGIS Engine Runtime and Extensions (either 1 or 2 and 15, 22, 25, 26, and 33)
- ArcGIS Explorer (20, 25, and 33)
- ArcGIS for AutoCAD (1, 20, and 25)
- ArcGIS for iOS (1, 25, and 33)
- ArcGIS Mobile Deployments (1, 15, 16, 25, 33, and 54)
- ArcGIS Server
 - Workgroup (either 3 or 5 and 8, 9, 25, 28, 29, 30, 32, 33, 38, 39, 40, and 45; if licensed as a Term License, 6 will also apply)
 - Enterprise (either 3, 4, or 5 and 8, 9, 25, 27, 31, 33, 38, 39, 40, and 45; if licensed as a Term License, 6 will also apply)
 - > Cloud Bundle (6 and 33)
- ArcGIS Server Extensions
 - ArcGIS Server Geoportal Extension (either 3, 4, or 5 and 7 and 52)
 - ArcGIS Server Image Extension (7, 8, and 42)
 - ArcGIS Server Image Extension Service Editor (1)
 - Other Extensions (7)
- ArcGIS Web Mapping (including SharePoint, JavaScript™, Adobe® Flex™, Microsoft® Silverlight™/WPF™, SOAP, and REST) (6, 33, 35, and 53)
- ArcIMS
 - ArcIMS and Extensions (either 3, 4, or 5 and 8, 10, 31, and 45)
- ArcLogistics
 - Desktop (either 1 or 2 and 25)
 - Using ArcGIS Online (6, 20, 25, 34, 35, and 46)
 - Using ArcGIS Server (6, 20, 25, 34, 35, and 46)
 - Navigator (1 and 46)

- ArcPad (1, 12, 13, 25, and 33)
- ArcReader (20, 25, 33, and 45)
- ArcView 3.x and Extensions (1, 7, and 17)
- Esri Aeronautical Solution (either 1 or 2)
- Esri Business Analyst (either 1 or 2 and 25, 33, 45, and 48)
- Esri Business Analyst Server
 - Workgroup (either 3, 4, or 5 and 8, 9, 21, 25, 28, 29, 31, 33, 39, 40, 45, and 48)
 - Enterprise (either 3, 4, or 5 and 8, 9, 21, 25, 27, 31, 33, 39, 40, 45, and 48)
- Esri Business Analyst Server Developer (3, 6, 25, 33, 35, and 51)
- Esri Defense Mapping (either 1 or 2)
- Esri Developer Network (EDN) Software, Web Services, and Data (6, 7, 24, 25, 26, 33, 34, and 35)
- Esri Nautical Solution (either 1 or 2)
- Esri Production Mapping (either 1 or 2)
- Geoportal Clients for ArcGIS (7, 20, and 52)
- MapIt (11, 25, 31, 33, 35, 49, and 50)
- MapObjects—Java Edition (1, 5, 8, 15, 18, and 19)
- MapObjects LT (1, 14, and 16)
- MapObjects—Windows Edition (1, 14, 15, 16, and 18)
- MOLE (1)
- NetEngine Internet (5)
- Tracking Server (either 4 or 5 and 31)

Web Services

- ArcGIS Online Services (6, 25, 33, 34, and 35)

Data

- ArcGIS Data Appliance (6, 23, 25, and 41)
- Esri Address Coder (either 1, 2, or 5 and 21, 22, 25, and 48)
- Esri Data & Maps (either 1, 2, 3, 4, or 5 and 23 and 37)
- Esri Data (either 1, 2, or 5 and 25 and 48)
 - Demographic, Consumer Spending, Market Potential, Retail MarketPlace, Business, Traffic, Shopping Center, Cable Boundaries, Banking, and Crime
- Sourcebook•America (1 and 21)
- StreetMap Premium (either 1, 2, 4, or 5 and 6 and 25)
- Tapestry Segmentation (either 1, 2, or 5 and 21 and 48)

1. "Single Use License." Licensee may permit a single authorized end user to install and use the Software, Data, and Documentation on a single computer for use by that end user on the computer on which the Software is installed. Remote access is not permitted. Licensee may permit the single authorized end user to make a second copy for end user's exclusive use on a portable computer as long as only one (1) copy of the Software, Data, and Documentation is in use at any one (1) time. No other end user may use the Software, Data, or Documentation under the same license at the same time for any other purpose.
2. "Concurrent Use License." Licensee may install and use the Software, Data, and Documentation on computer(s) on a network, but the number of simultaneous users may not exceed the number of licenses acquired. No other end user may use the Software, Data, or Documentation under the same license at the same time for any other purpose.
3. "Development Server License." Licensee may install and use the Software on a single computer to design and build applications that interface with or utilize server Software as described in the Documentation.
4. "Staging Server License." In addition to the Development Server License rights, Licensee may use and install the Software for the following purposes: user acceptance testing, performance testing, load testing of other third-party software, staging new commercial data updates, and training activities.
5. "Deployment Server License." In addition to the Staging Server License rights, Licensee may install and use the Software or Data to provide services to multiple users on the same or other computer(s).
6. "Term License." License is provided for use for a limited time period or on a subscription or transaction basis.
7. Extensions to Software programs follow the same scope of use as that granted for the corresponding Software programs.
8. The administration tools for the Software may be copied and redistributed throughout Licensee's organization.
9. User-developed ArcGIS Server administration tools may be copied throughout Licensee's organization, but the ArcCatalog application (found in ArcGIS Desktop) may not be copied.
10. The ArcIMS license includes the right to deploy MapObjects—Windows Edition applications on the Internet or intranet. Licensee shall not develop client/server solutions with the ArcIMS—Java Archive (JAR) files without a license for the MapObjects—Java Edition developer kit.
11. Licensee may install and use the Software to provide services to multiple users on the same or other computer(s). The Software is licensed per server. The licensed server is the server on which Licensee installs the Spatial Data Service.
12. Software is only licensed for navigational use when used in conjunction with ArcLogistics.
13. "Dual Use License" means the Software may be installed on a desktop computer and used simultaneously with either a personal digital assistant (PDA) or handheld mobile computer as long as the Software is only used by a single individual at any one (1) time.
14. Developers must include the following attribution with any deployed MapObjects application: "Portions of this computer program are owned by LizardTech, Inc., and are Copyright © 1995–2002 LizardTech, Inc., and/or the University of California. All rights reserved. U.S. Patent No. 5,710,835."
15. Deployment licenses for desktop or Internet application(s) may be subject to payment of additional license fees.
16. Licensee may deliver applications to its sublicensee(s) provided Licensee uses a written sublicense agreement that protects Esri's rights in its Software, Data, Web Services, and Documentation to the same extent as the Esri License Agreement including, but not limited to, the following terms:
 - a. Sublicensee may not reverse engineer, decompile, or disassemble the Esri Software, Data, Web Services, or Documentation, except to the extent permitted by applicable law; copy for commercial use; transfer; or assign its rights under the license grant;
 - b. Sublicensee may not use any Esri Software, Data, Web Services, or Documentation, in whole or in part, separate from Licensee's executable application; and
 - c. Third-party dependent or required components are redistributable subject to permission from the owner or author.
17. Licensee may use Business Objects Crystal Reports software only with the ArcView 3.x Software with which it was acquired and subject to the Crystal Reports License Agreement available on the media. Licensee may not use a software program or system to cache or queue report requests.
18. The deployment license is per application per computer.
19. MapObjects—Java Edition contains Java Archive files, which indicate they are authentic Esri-certificated files when used over the Internet. Licensee shall not use Esri certification or reference Esri as a source of trusted content in any modified MapObjects—Java Archive files. Licensee may deploy the unmodified Java class Esri-certified libraries as an integral part of the Licensee's application(s).
20. Licensee may reproduce and deploy the Software provided all the following occur: (a) the Software is reproduced and deployed in its entirety; (b) a license agreement accompanies each copy of the Software that protects the Software to the same extent as the Esri License Agreement, and the recipient agrees to be bound by the terms and conditions of the license agreement; (c) all copyright and trademark attributions/notices are reproduced; and (d) there is no charge or fee attributable to the use of the Software.
21. Licensee shall not withhold any substantial right (e.g., extension of credit) from any individual based solely on the individual's place of residence, as profiled in the Tapestry Segmentation system.

22. (a) ArcGIS Engine Runtime licenses shall not be used for Internet and server development and deployment; (b) an end user must license either ArcGIS Engine Runtime Software or other ArcGIS Desktop Software (ArcView, ArcEditor, or ArcInfo) to obtain the right to run an ArcGIS Engine application on one (1) computer; and (c) the ArcGIS Engine Runtime extensions shall not be used in combination with ArcGIS Desktop Software to run ArcGIS Engine applications. A single user can have multiple applications installed on one (1) computer for use only by that end user.
23. Licensee may redistribute the Data as described in the Redistribution Rights Matrix available at <http://www.esri.com/legal/>, in the Help system, or in supporting metadata files, subject to the specific attribution descriptions and requirements for the dataset accessed.
24. EDN Software, Web Services, and Data may only be used by one (1) named developer per subscription solely for the purposes of research, development, testing, and demonstration of a prototype application. EDN server Software and Data may be installed on multiple computers for use by any named EDN developer.
25. Use of included third-party owned data shall be subject to the Use of Data Restrictions found at <http://www.esri.com/legal/> for the specific Data accessed. The Use of Data Restrictions may be modified by Esri from time to time. If a modification is unacceptable to Licensee, Licensee may cancel a subscription upon written notice to Esri, or discontinue use of the Data or Web Services, as applicable. If Licensee continues to use the Data or Web Services, Licensee will be deemed to have accepted the modification.
26. An ArcSDE Personal Edition geodatabase is restricted to ten (10) gigabytes of Licensee data.
27. ArcGIS Server Web ADF Runtime Software may not be deployed independent of Licensee's ArcGIS Server Enterprise configuration.
28. Use is limited to ten (10) concurrent end users of applications other than ArcGIS Server applications. This restriction includes use of ArcGIS Desktop Software, ArcGIS Engine Software, and third-party applications that connect directly to any ArcGIS Server geodatabase. There are no limitations on the number of connections from Web applications.
29. Software can only be used with SQL Server 2005/2008 Express.
30. Use is restricted to a maximum of ten (10) gigabytes of Licensee data.
31. Redundant Software installation(s) for failover operations is allowed but can only be operational during the period the primary site is nonoperational. The redundant Software installation(s) shall remain dormant, except for system maintenance and updating of databases, while the primary site or any other redundant site is operational.
32. No redundant Software installation is permitted.
33. Licensee's access to and use of Cloud Bundle, ArcGIS Online Services, or Microsoft Bing Maps are conditioned upon Licensee's acceptance of the Esri Web Site and Service Terms of Use Agreement and the terms and conditions specific to Cloud Bundle, ArcGIS Online Services, or Microsoft Bing Maps found at <http://www.esri.com/legal/>.
34. Licensee's organization is limited to the number of specified credits, transactions, geography, or number of users as described in the online product description.
35. Licensed end users shall not share the client-side data cache derived from ArcGIS Online Services with other licensed end users or third parties.
36. Reserved.
37. Data provided with StreetMap USA may be used for mapping, geocoding, and routing purposes but is not licensed for dynamic routing purposes. For instance, StreetMap USA may not be used to alert a user about upcoming maneuvers (such as warning of an upcoming turn) or to calculate an alternate route if a turn is missed.
38. The ArcGIS Server 3D extension included with ArcGIS Server Standard (Workgroup or Enterprise) may only be used for generating globe data cache(s) or publishing a globe document as an ArcGIS Globe Service. No other use of the ArcGIS Server 3D extension Software is permitted with ArcGIS Server Standard.
39. Any editing functionality included with ArcGIS Server is not permitted for use with ArcGIS Server Basic (Workgroup or Enterprise).
40. Geospatial Enterprise JavaBeans (EJB) provided with ArcGIS Server (Workgroup or Enterprise) is permitted for use only with ArcGIS Server Advanced.
41. Licensee may only use Data from a single state with the Single State version of ArcGIS Data Appliance. This restriction applies to a large-scale (i.e., scale levels below 1:100,000) street map, transportation layer, boundaries and places layer, and one (1)-meter or better resolution imagery included in the USA Collection. This restriction does not apply to the small-scale (i.e., scale levels above 1:100,000) maps provided in the World Collection, which are intended for display at global and regional scales.
42. Licensee has the right to one (1) desktop deployment of the ArcGIS Server Image extension Service Definition Editor for every four (4) cores of ArcGIS Server Image extension that are licensed.
43. Licensee may develop an unlimited number of applications on a single computer and deliver the applications to end users with or without the ArcGIS Engine Runtime Software.
44. For any operating system environment in which Licensee runs instances of the Concurrent Use License management software, Licensee may run up to the same number of passive failover instances of the Concurrent Use License management software in a separate operating system environment for temporary failover support.
45. Data licensed with Esri Business Analyst and Esri Business Analyst Server is restricted for use only in conjunction with the respective Business Analyst extension.
46. Licensee should not follow any route suggestions that appear to be hazardous, unsafe, or illegal. Licensee assumes all

risk of using this navigation Software.

47. Reserved.
48. Licensee may include reports and maps created from the Software or Data in hard-copy or read-only format for presentation packages or marketing studies for subsidiaries and customers. The total content of the Esri reports and maps must be less than twenty percent (20%) of Licensee's total content of the presentation package or marketing study. Full, complete, stand-alone reports or maps created from the Software or Data and not part of a presentation package or marketing study cannot be resold, sublicensed, or otherwise transferred without prior written permission of Esri. Licensee's third-party customer may only receive reports and maps generated by Licensee and may only use the maps and reports received from Licensee for internal purposes. In no case shall Licensee redistribute the Data in digital formats.
49. Esri MapIt Silverlight Web or WPF applications may not be deployed independent of Licensee's MapIt deployment configuration.
50. Licensee has the right to one (1) desktop deployment of Spatial Data Assistant for each Esri MapIt server license.
51. Esri Business Analyst Server Developer and Data may only be installed on one (1) server per license solely for the purposes of research, development, testing, and demonstration of a prototype application.
52. Source code is the intellectual property of Esri. Licensee shall treat any source code file identified as "Software" in a README file or at <http://www.esri.com/legal/> as a trade secret for Licensee's own internal use only and not for further redistribution or access by unlicensed third parties. Licensee shall not modify the Software, Documentation, Data, or source code to incorporate, embed, link, or otherwise include any code, libraries, or data licensed or distributed under an open source licensing or distribution models similar to Free Software Foundation's GNU General Public License (GPL) or GPL-compliant licenses, including, without limitation, the Artistic License (e.g., Perl), the Mozilla Public License, the Netscape Public License, and the Sun Community or Industry Standards License, that could require a user to make its proprietary source code available to a requesting third party.
53. Deployment license options are as follows:
 - a. A license for Web applications is per the principal registered unique domain identifier. Domain is the Internet domain name registered with a domain name registrar. For example, in example.com, example.com is the registered unique domain identifier. Similarly, in example.com.xx, where xx is a registered country code, example.com.xx is the registered unique domain identifier.
 - b. A license for desktop applications or SharePoint is per organization. For the purposes of this license, organization is equivalent to a principal registered unique domain identifier (as described above). For example, desktop applications can be used by any employee of the organization with the principal registered unique domain identifier. There is no limit to the number of applications that can be built and deployed within an organization.
54. ArcGIS Mobile is licensed for use with ArcGIS Server Advanced (Enterprise or Workgroup) and ArcGIS Desktop (ArcInfo, ArcEditor, ArcView, and ArcGIS Engine applications).

Esri U.S. Software

Standard Maintenance Program

Last edited: August 5, 2010

Article 1.0 Introduction

1.1 Purpose. The purpose of this Esri US Standard Maintenance Program ("**Program**") document is to:

- Describe the Program for U.S. customers.
- Provide definitions of Maintenance and support-related terminology used by Esri.
- Describe Maintenance subscription quoting and invoicing procedures.
- Describe the services provided by Esri Support Services.
- List general procedures and conditions including contact information and requirements.

1.2 Program Overview. The Program, also referred to as "**Standard Maintenance**," or "**Maintenance**," is the support Esri makes available for unmodified Software to the Software license-holder ("**Licensee**"), including Incident tracking, attempts to correct reported problems, new releases, and enhancements. Maintenance for the first year is automatically included when qualifying Software is licensed. To determine which Software includes first-year Standard Maintenance, consult Esri's Product Qualification webpage, <http://www.esri.com/apps/products/maintenance/qualifying.cfm>.

The Program is composed of the following:

- Automatic shipment of Software Updates.
- Esri Support Services.
- Registration (where applicable) to the annual Esri user conference.
- Priority consideration for Esri's Software Beta Program, which allows the Licensee to preview and test Software prior to general release.
- Subscriptions to *ArcNews* and *ArcUser*.
- Notification of Software promotions, when offered.

Article 2. Definitions and Descriptions

Capitalized terms used in this Program shall have the following:

2.1 Authorized Caller or Point of Contact

An Authorized Caller or Point of Contact is an individual designated by Licensee who may contact Esri to request technical support (e.g., to report Software Incidents or request assistance with Software use).

2.2 Customer Number

Customer Number means a unique number created and provided by Esri that identifies each Esri customer site. The number is between one and six digits and may also be referred to as an *end user* or *client ID* number on the invoice and/or packing list that is shipped with Esri software.

2.3 Hot Fix

A Hot Fix is a single fix in one of the specific functional areas deemed critical for a specific site (e.g., when production has stopped). When a business justification review is completed and a complete technical feasibility assessment results in approval, the fix is delivered directly to the customer or to a local distributor, usually via FTP. The documentation delivered with the Hot Fix clearly identifies the software problems(s) that are addressed by a Hot Fix and any limitations. Hot Fixes are tested by the affected team(s) in a focused manner. Hot Fixes are incorporated into subsequent service packs. Hot Fixes do not add new functionality. Hot Fixes are not functional unless the end user already has the required Product release installed.

2.4 Incident

An Incident is the record of a customer request for technical assistance made by phone, e-mail, fax, web form, or chat. It contains technical notes and documentation of all interactions between the customer and support representative related to the request. Depending on how the request was initiated, an Incident or tracking number is provided by a support representative either verbally or by e-mail confirming the creation of the Incident. The Incident number is used for referencing the request. The status of an Incident can be open (active) or closed (inactive).

2.5 Maintenance Renewal Quote

The Maintenance Renewal Quote is the non-invoice notification, issued 90 days before the expiration of a Maintenance term, to all customers who have current Maintenance subscriptions that are nearing the Maintenance term expiration date. The quote is sent to the Point of Contact who has been designated to receive all Maintenance-related correspondence from Esri. The Maintenance quote is sent via e-mail or fax and contains information about the forthcoming Software Maintenance term, which includes the type of Software licensed and quantity of licenses, the type of Maintenance subscription (primary or secondary), the start and end dates of the Maintenance term, and the anticipated Maintenance renewal fees due for each type of Maintenance subscription. Maintenance renewal quotes are valid for 90 days from date of issuance.

2.6 Maintenance Term

The Maintenance Term is the Maintenance subscription duration as defined by the Maintenance start and end dates, during which customers with licensed products who have purchased Maintenance are entitled to receive applicable Maintenance benefits.

2.7 Patch

A Patch is a single fix (see Hot Fix) or a set of related fixes in a specific functional area of the software that will affect a large number of customers and needs to be posted on the web for general availability. Once a Patch is released it will be incorporated into a subsequent service pack release. Patches are tested by the affected teams. Patches do not add new functionality. Patches are not functional unless the end user already has the required product release installed.

2.8 Software License

A Software License is the limited grant of rights to use a Software program or component as defined by the terms and conditions in the Esri software license agreement.

2.9 Software Updates

Software Updates are a collection of files that correct a problem with a Software program or improve the Software through enhancements. Updates are distributed automatically to customers who are current on Maintenance and elect to receive media delivery, as part of the benefits of a Maintenance subscription. Customers may also elect to receive updates through web download; in such cases, Esri will send an e-mail message to the customer's designated Points of Contact advising when a new release is available for download.

2.10 Support Services

Support Services is Software technical support or technical assistance provided by Esri to the Licensee and the Esri user community. See Article 3.0 Support Services for a more detailed description.

Article 3.0 Support Services

3.1 Support Services. Esri Support Services comprises the following:

a. Telephone Support and Incident Reporting/Logging

If a technical issue arises that Licensee needs help with, Licensee can log an Incident with Esri over the phone. Support hours are Monday through Friday, 5:00 a.m. to 5:00 p.m. (Pacific Time). Licensee is not limited to a set number of times telephone support can be contacted. Licensee can reach Esri at 888-377-4575, ext. 2.

b. Secure Live Remote Support

Esri may interact with Licensee's system using Citrix® GoToAssist tool to assist with technical support.

c. Esri Online Support Center

The Esri Online Support Center is an Esri Web site that communicates new technical information to Licensee and to the Esri user community in the form of updated product documentation, blog posts, technology announcements, and more. The Esri Online Support Center can be found at <http://support.esri.com>. Licensee can also report an Incident using the Esri Online Support Center.

d. Esri User Advocacy Group

A User Advocacy Group is a group within Support Services created to improve Esri's ability to understand and respond to technical issues impacting Esri licensees. The UAG encourages feedback from the user community by

collecting user information which is presented to development teams to help shape the future direction of Software. UAG may be contacted through Esri Support Services.

e. Hot Fix

A Hot Fix is defined above under Article 2 Definitions.

f. Knowledge Base

Esri's Knowledge Base is a database of known Software problems, "how-to" documents, white papers, system requirements, and common error messages for Esri Software. It can be accessed by navigating to <http://support.esri.com> and clicking the Knowledge Base tab.

g. User Forums

The Esri Software user forums are Web based and provided to share questions and knowledge about technical details and techniques for accomplishing tasks. The user forums can be accessed by navigating to <http://support.esri.com> and clicking the User Forums tab.

h. Web Help

Web Help is an up-to-date version of the help system shipped with the product; new information is added and existing topics are updated as necessary. Web Help can be accessed by navigating to <http://support.esri.com>, clicking the Knowledge Base tab, and clicking the Web Help link.

i. Product Documentation

Product Documentation is part of Knowledge Base and includes How-To documents, FAQs, Tutorials, Tips and Tricks, Functionality Matrixes, Best Practices, and What's New? sections on Esri's past and current products. Product Documentation can be accessed by navigating to <http://support.esri.com>, clicking the Knowledge Base tab, and clicking the Product Documentation link.

j. Customer Care Portal

The Customer Care Portal is a self-service tool for licensing, downloads, Incident management, and software problem management. The Customer Care Portal is a key tool in the acquisition and use of ESRI Software. The Customer Care Portal can be found at <http://customers.esri.com>.

k. Support Newsletters

Licensee can subscribe to *ArcNews*, which contains articles specific to Support Services. These articles contain technical and product information designed to enable our customers to work more effectively with Esri Software. To subscribe to *ArcNews*, visit www.esri.com and click *ArcNews* under the News tab.

3.2 Support Services Scope

- Technical assistance provided through Esri Support Services is limited to unmodified Esri Software.
- Sample applications that ship with each product are provided for demonstration purposes and are considered unsupported.
- Patches received outside a product's life cycle deliverables are considered unsupported unless authorized by Esri.
- The technical support resources available during a product's life span are described in the Product Life Cycle Support Policy at <http://help.arcgis.com/en/shared/product-life-cycle/ProductLifeCycle.pdf>. The four support phases of Esri's Product Life Cycle are outlined in this document. The Life Cycle Support status for each of the Esri software products can be found at <http://resources.arcgis.com/content/product-life-cycles>.
- Technical assistance through Esri Support Services is not available for hardware, graphic cards, monitors, plotters, graphic printers, digitizers, modems, and other like peripherals which are not provided by Esri, except to answer questions of how standard, supported devices interface to Esri Software.
- These terms and conditions are subject to change by Esri with thirty (30) days written notice.

3.3 Accessing Support Services

Licensees are required to designate Authorized Callers for all direct support services-related communications with Esri. Esri's Product Qualification webpage identifies the number of Authorized Callers that Licensee may designate for each software product. If the Licensee has an enterprise license or site license agreement with Esri, the Authorized Callers will be identified by name in the license agreement. Licensee may replace an Authorized Caller at any time by notifying Esri Support Services.

Licensees within the United States may contact Support Services between 5:00 a.m. and 5:00 p.m. (Pacific Time), Monday through Friday, except for Esri holidays. International users should contact their local Esri distributor for these services.

Tel.: 888-377-4575, ext. 2
Fax: 909-792-0960
E-mail: support@esri.com
Web: <http://support.esri.com>

a. By Telephone

Each reported technical support request is logged as an Incident and given a unique identification number for Licensee's reference and tracking. After an Incident is logged, the caller is connected to a technical specialist who will be dedicated to work on the Incident until it is resolved or determined to be a problem in the Software. If a specialist is unavailable, the call is placed in a dispatch queue. Licensee will then be contacted by the first available technical specialist.

b. By E-mail, Fax, or Web Form

Fax and e-mail support are available to Licensees who do not want to telephone or who cannot reach technical support during normal operating hours. Licensee may in addition request support by completing an on-line web form available at <http://support.esri.com/en/webform>. Requests through these channels are received 24 hours a day, 7 days a week, but are logged and assigned to a technical specialist beginning the next business day. Support requests are answered on a first come, first served basis. All Incidents reported by fax, e-mail, or web form are given the same priority and level of attention as those reported by telephone.

All requests for technical support must contain detailed information about Licensee's Incident. To help expedite a solution, technical specialists expect information that includes Licensee's type and version of Esri Software, hardware platform, and peripherals (if applicable); the version of operating system; a description of the problem; and Licensee's Esri customer number. Please refer to the Preparing for Contacting Support Services section below for additional details. Esri's technical specialist will respond by telephone, fax, or e-mail.

c. By Chat

Another method of contacting technical support is to use online chat. Each valid chat interaction is logged as an Incident and given a unique identification number for Licensee's reference and tracking. The licensee is connected to a technical specialist who will be dedicated to work on the Incident until it is resolved or determined to be a problem in the Software. Chat-based requests are received during business hours. To begin a chat, click the button for 'Chat with an Analyst' on Esri's Online Support Center Web-site. The URL is <http://support.esri.com/en/webform-chat>.

3.4 Resolution Time

Resolution times are dependent on factors that are often outside the control of Esri. These factors often include but are not limited to operating system limitations, limitations based on user-designated workflow, security issues, integration with third-party applications that have not been provided by Esri and customer availability. Usually, Esri is able to answer questions and suggest solutions to Incidents on the same day it receive requests, but the turnaround time for a response may depend on the complexity of the Incident. While it is Esri's goal to provide an acceptable resolution to all incoming issues, Esri cannot predict resolution time.

3.5 Preparing for Contacting Support Services

When contacting Esri for technical assistance, Licensee must be prepared to provide as much of the following information as possible:

- Licensee's Esri Customer Number
- The phone number and e-mail address where Licensee can be reached
- The version of the Software Licensee is using
- The version of the operating system Licensee is using
- The database Licensee is using, if applicable
- A description of what Licensee was doing when the problem occurred
- The exact wording of any error messages that may appear on the screen

- Any steps taken to resolve the problem

Article 4.0 Maintenance Renewal and Expiration

4.1 Renewal Notice. Esri will notify Licensee when Maintenance subscriptions are scheduled to expire. If Licensee wishes to renew Maintenance, a quote is mailed to the Licensee.

4.2 Maintenance Expiration. If Esri has not received an order or payment prior to the termination date, Licensee will receive a notification stating that Licensee Maintenance term has expired. Technical support will be extended for an additional thirty (30) days and Licensee will no longer be eligible to receive any Software Updates that are released after the Licensee Maintenance term has expired. Any other Maintenance activities that are contingent on a current Maintenance subscription will also be terminated.

If a purchase order or payment is received during the extended thirty (30) day technical support period, all benefits will be reinstated. However, if no order or payment is received, Licensee will no longer be able to receive technical support and Licensee's Maintenance subscription will be considered to have expired.

Article 5.0 Payment

5.1 Payment. Maintenance program subscriptions can be purchased in advance on an annual basis. Fees are due and payable annually in advance. Payment terms will be Net 30 Days.

5.2 Prorating Maintenance Terms. If multiple Software products have been licensed throughout the course of a year by one customer, separate Maintenance quotes for each product are not issued. Instead, the Maintenance anniversary date for each license is prorated to the anniversary date of the first product licensed, with Maintenance. All licensed Esri Software products offering a maintenance subscription are synchronized to reflect a common Maintenance start and end date, regardless of when each was first licensed. These prorated dates will be reflected on the Maintenance renewal quote.

5.3 Reinstatement of Lapsed Maintenance Subscriptions. If Maintenance has lapsed, back Maintenance fees, in addition to the current fees, may be required to reinstate Maintenance.

Article 6.0 User Conference Registration

6.1 Registration Guidelines

a. Maintenance for some Esri Software includes registration at Esri's annual user conference at no additional charge. Unless otherwise agreed by Esri and the Licensee, Esri's Product Qualification webpage establishes which products qualify for user conference registrations and the number of registrations available for each product.

b. If the Licensee has an enterprise license agreement, partner agreement, or other master agreement with Esri, the agreement may provide for a different number of user conference registrations.

c. Maintenance for ArcGIS extension Software and secondary Maintenance for any Software (except ArcGIS, ArcView, and ArcEditor) do not include any entitlement for user conference registrations. Only the standard Maintenance programs provide this benefit.

d. For Software licensed on a concurrent or single use basis, the number of registrations available may depend on the total number of concurrent or single use licenses currently covered under a Maintenance subscription. In these cases, the total number of Maintenance subscriptions is considered regardless of Maintenance type (e.g., primary or secondary). In other words, both primary and secondary licenses count toward the total.

e. Staging Server Licenses and Software obtained under the EDN program do not qualify for user conference registrations.

f. Esri reserves the right to withhold user conference registrations from customers who are substantially delinquent in Maintenance payments due to Esri.

g. User conference registrations are assigned to customers in the order that registration forms are received. If the customer number listed on the registration form does not meet the above guidelines, or if the number of attendees from each site exceeds the number of user conference registrations available to the site based on qualifying Maintenance benefits, the customer will be responsible for any additional registration fees.

h. Presenting a paper, submitting a poster, submitting a Software application, or having other involvement with the conference does not automatically register Licensee or exclude Licensee from user conference fees. All presenters must register and pay the appropriate fees (or Maintenance) to attend the conference.

i. A list of Licensee's Software licenses can be found on Licensee's annual Software Maintenance subscription invoice.

j. User conference registrations are nontransferable.

Article 7.0 Contacting Esri

Esri Support Services (technical support) Center

Tel.: 888-377-4575, ext. 2

ORIGINAL MAILED

RE: Renewal of Statewide Contract SBPO1218-02, a Statewide Contract for Geographic Information Systems (GIS) software and services for various State of Idaho Agencies, Institutions, and Departments

Expiring January 31, 2011

The State of Idaho would like to renew the above referenced statewide contract for a period of One (1) Year.

The contract renewal period commences February 1, 2011 to January 31, 2012. The same terms and conditions prevail for the contract renewal period, except as expressly modified herein.

If this is acceptable to your company, please sign in the appropriate space below and send back to the Division of Purchasing or you can fax back to this office at 208-327-7320.

Thank you for your consideration in this matter.

Sincerely,

Gregory Lindstrom
Purchasing Officer
Idaho Division of Purchasing
