

Exhibit C Warranty and Recycling

Recycling

116 Wooten Street • Statesville NC 28677 • Ph 704-978-1099

Davy Textiles LLC. dba. Davy Textiles Inc. works together with The Safariland Group to assist you with the safe and secure disposal of your body armor. We strive to obtain the maximum recycle rate on material received; however, there are some items that are deemed unusable after the destruction process. These materials are disposed of according to state and federal regulations. No item will leave our facility in a shape or form where it may be used for its original purpose.

Davy Textiles provides this service to you free of charge.

It is responsibility of the agency using our services to deliver these materials securely to our facility. We suggest that panels are boxed and palletized when necessary, with no external markings or paperwork identifying the contents. Pallets should be numbered appropriately. (1 of 4, 2 of 4, etc.) Boxes weighing less than 150 lbs. can be shipped FedEx ground. Pictures should be taken to ensure there is no damage or tampering while in transport.

Our facilities address and contact information follows. Our business hours are M-F 8:00-5:00 EST. Davy Textiles Inc., 116 Wooten Street, Statesville NC 28677

O: 704.978.1099 or 704.799.1584

C: 704.651.8684

support@davytextiles.com

All armor received for destruction will follow a strict chain of custody in our secure video monitored warehouse facility. It is important that you provide us with an accurate vest panel count to ensure a correct Certificate of Destruction is issued. For example, most concealable vests will have 2 panels or inserts, a front and back panel. Please note any exceptions in your count and report the total number of panels shipped. Email your panel count and supporting documentation (a copy of the bill of lading, packing list, disposal request form) to support@davytextiles.com. Make sure you include the agency name as you want it shown on the Certificate of Destruction. We will notify you upon arrival of your used or expired vests and again after completed destruction.

For agencies with limited shipping options you may choose to contact Travis Weedon at FreightQuote.com. Davy Textiles Inc. has no affiliation with FreightQuote.com other than our use of their services which we find helpful. Freightquote.com is a freight brokerage system that achieves low rates based on their volume of shipments.
