

BIO
Shawnee Hunt

Name and Title:

Shawnee Hunt, Buyer

Educational background:

Purchasing and Supply Chain Management

Brief description of your experience:

My career started with retail and inventory management from suppliers to consumers. Which in return funneled my passion for purchasing and procurement. I started with the private sector of purchasing for a small industrial business. Leading to the start of my career with Idaho Transportation Department in 2024 as a Buyer. During the end of 2024 I started to transition into contract buys, which presented the opportunity to work as a Buyer for the Division of Purchasing. I look forward to working alongside my peers to help support and maintain the state of Idaho.

Areas of expertise: Purchasing, Public Procurement, Vendor Relationships, and Solicitations.

Fun fact: My husband and I enjoy all things related to being outdoors. Together we are always on the search for our next adventure. We have two loving but spiteful dachshunds that don't always enjoy our outdoor lifestyle. They can typically be found borrowed under something warm, no matter the time of the year!
