NASPO Price List Effective June 15, 2016

Used to monitor and control networks of Summit, siteCOMMANDER and siteRSM.

Part Number	Description	List	NASPO Price after Discount
906-004-0003	Apex - includes 5 seat license, TASC products & Ping Devices	$4,500.00	$3,150.00
950-003-0002	Annual Apex Software Support – includes Remote Assistance, Dedicated Help-Line & Product Updates	$1,320.00	$924.00
906-004-0004	Apex EMS - includes TASC, Ping Devices & SNMP	$7,100.00	$4,970.00
950-003-0003	Annual Apex EMS Product Support – includes Remote Assistance, Dedicated Help Line, Product Updates & New Features	$1,680.00	$1,176.00

NASPO Price List Effective June 15, 2016

Managed by Apex or other SNMP manager.

Part Number	Description	List	NASPO Price after Discount
900-020-0030	Summit Basic – 1U-19" rack, 2 Serial ports, 42 Analog I/O, 64 Digital I/O card	$1,950.00	$1,365.00
964-001-0001	24 Port 1U 110 Patch Panel Cat5E RJ45	$146.00	$102.20

Configuration Utility (Crest) is included with each Summit.

One (1) year warranty - return to depot.

Delivery: 2 - 4 weeks on receipt of order.

All prices are FOB point of shipping.

NASPO Price List Effective June 15, 2016

Part Number	Description	List	NASPO Price after Discount
900-020-0040	Peak, 4 sensor ports, DIN mount, Ethernet	$1,034.00	$723.80

Configuration Utility (Crest) is included with each Peak.

One (1) year warranty - return to depot.

Delivery: 2 - 4 weeks on receipt of order.

All prices are FOB point of shipping.

TASC

siteCOMMANDER

NASPO Price List Effective June 15, 2016

Part Number	Description	List	NASPO Price after Discount
900-001-0001	siteCOMMANDER single module with clamshell enclosure. Kenwood FleetSync™ protocol	$963.00	$674.10
900-001-0002	siteCOMMANDER single module with FFSK/4 wire modem and clamshell enclosure	$1,249.00	$874.30
900-002-0001	siteCOMMANDER single module, 19" Rack Kenwood FleetSync™ protocol	$1,745.00	$1,221.50
900-002-0002	siteCOMMANDER single module, 19" Rack with FFSK/4 wire modem	$1,698.00	$1,188.60

Configuration Utility (SCCU) is included with each siteCOMMANDER module.

One (1) year warranty - return to depot.

Delivery: 2 - 4 weeks on receipt of order.

All prices are FOB point of shipping.

NASPO Price List Effective June 15, 2016

Part Number	Description	List	NASPO Price after Discount
910-004-0033	BPS 2 series with cable, < 512 MHz, N type	$593.00	$415.10
910-004-0034	BPS 2 series mounted to a 19" rack, < 512 MHz, N type. (holds up to four sensors)	$799.00	$559.30
910-004-0008	VSWR monitor, 800 - 2 GHz, N type, ALM	$1,158.00	$810.60
910-004-0011	VSWR monitor, 400-512 MHz, N type, ALM	$1,158.00	$810.60
910-004-0010	VSWR monitor, 136-174 MHz, N type, ALM	$1,158.00	$810.60
962-002-0001	Bird 3141, Channel Power Monitor, 1RU	$2,000.00	$1,800.00
962-002-0002	Bird 4044, Non-directional power sensor that operates from 144 MHz to 960 MHz	$217.00	$195.00
962-002-0003	Bird 4045, Directional power sensor that operates from 144 MHz to 960 MHz Output RF sensor	$612.00	$550.00
961-001-0001	RF Power Sensor, single direction, 33 – 88 MHz, 1000W, N type, RCA	$218.00	$152.60
961-001-0002	RF Power Sensor, single direction, 87.5 – 108 MHz, 1000W, N type, RCA	$218.00	$152.60
961-001-0003	RF Power Sensor, single direction, 118 – 230 MHz, 1000W, N type, RCA	$356.00	$249.20
961-001-0004	RF Power Sensor, single direction, 200 – 400 MHz, 1000W, N type, RCA	$218.00	$152.60
961-001-0005	RF Power Sensor, single direction, 380 – 512 MHz, 1000W, N type, RCA	$356.00	$249.20
961-001-0006	RF Power Sensor, single direction, 700 – 869 MHz, 1000W, N type, RCA	$263.00	$184.10
961-001-0007	RF Power Sensor, single direction, 806 – 960 MHz, 1000W, N type, RCA	$263.00	$184.10

962-001-0001	RF Power Sensor, dual direction, 87.5 – 108 MHz, 1000W, N type, RCA	$392.00	$274.40
962-001-0002	RF Power Sensor, dual direction, 118 – 230 MHz, 1000W, N type, RCA	$240.00	$168.00
962-001-0003	RF Power Sensor, dual direction, 200 – 400 MHz, 1000W, N type, RCA	$392.00	$274.40
962-001-0004	RF Power Sensor, dual direction, 380 – 512 MHz, 1000W, N type, RCA	$392.00	$274.40
962-001-0005	RF Power Sensor, dual direction, 700 – 869 MHz, 1000W, N type, RCA	$392.00	$274.40
962-001-0006	RF Power Sensor, single direction, 700 – 869 MHz, 1000W, N type, RCA	$472.00	$330.40
962-001-0007	RF Power Sensor, single direction, 806 – 960 MHz, 1000W, N type, RCA	$472.00	$330.40
960-001-0008	Sensor, temperature, Honeywell 10' cable, outdoor	$136.00	$95.20
960-001-0010	Sensor, temperature, Honeywell 50' cable, outdoor	$237.00	$165.90
960-001-0012	Sensor, temperature, Loxone, outdoor, with cable	$251.00	$175.70
960-001-0013	Sensor, temperature, Honeywell 100' cable, outdoor	$395.00	$276.50
375-001-0001	Sensor, 0 to 150 AC voltage, single phase	$204.00	$142.80
375-001-0002	Sensor, 0 to 240 AC voltage, single phase	$204.00	$142.80
950-001-0001	Sensor, DC current, 5 A	$270.00	$189.00
950-001-0008	Sensor, temperature with 10 ft RJ45 cable, indoor (siteCOMMANDER only)	$136.00	$95.20
950-001-0009	Sensor, DC current, 20 A	$270.00	$189.00
950-001-0010	Sensor, DC current, 50 A	$270.00	$189.00
950-001-0012	Sensor, DC current, 30 A	$270.00	$189.00
950-001-0026	Current, sensor mounted on a 19" rack, 5 A. (holds up to eight sensors)	$325.00	$227.50
950-001-0027	Current, sensor mounted on a 19" rack, 20 A. (holds up to eight sensors)	$325.00	$227.50

Sensors

Part Number	Description	List	NASPO Price after Discount
950-001-0028	Current, sensor mounted on a 19" rack, 30 A. (holds up to eight sensors)	$325.00	$227.50
950-001-0029	Current, sensor mounted on a 19" rack, 50 A. (holds up to eight sensors)	$325.00	$227.50
950-001-0030	+/- 100mV differential sensor enclosure	$324.00	$226.80

One (1) year warranty - return to depot.

Delivery: 2 - 4 weeks on receipt of order.

All prices are FOB point of shipping.

NASPO Price List Effective June 15, 2016

Part Number	Description	List NASPO Price after Discount
	Three (3) Year Extended Warranty	12% of total equipment price
	Technical Support (Without Support Contract)	$88.00 per hour (1/2 hour increments)
	Engineering Design	$122.00 per man-hour
